SMOOTHIES

CREATE-A-SMOOTHIE

STEP 1 Select fluid milk, yogurt, fruits, and/or vegetables. Add ingredients to blender and cover.

STEP 2 Pulse until smooth.

STEP 3 Hold for cold service at 41F° or below.

Did you know that smoothies can be included as part of a reimbursable breakfast or lunch?

Milk, yogurt, fruits, and vegetables in smoothies can be credited at breakfast and lunch. Smoothies must be prepared by program operators, and use ingredient quantities that meet meal pattern requirements. Fruits and vegetables in smoothies are credited as juice.

Smoothie 101

- ✔ Smoothies are a healthier offering than just fruit juice because they contain all the fiber of whole fruit with the added nutritional benefits of milk & yogurt.
- ✔ Smoothies are easy to make and can contain as few as three ingredients – yogurt, fruit, and milk.
- ✔ Use commodity fruits to lower cost.

Ingredient Tips

- ✔ Save peeled overripe bananas and leftover chunks of melon in the freezer to add to future smoothies.
- ✔ Remove frozen fruit from freezer 30 minutes prior to blending.
- ✔ Pair low acid fruits like blueberries with higher acid fruits like strawberries for a bigger flavor impact.
- ✔ Swap chocolate milk for white milk for a great chocolaty taste.
- ✔ Add spinach or kale to produce a vibrant green color and big nutritional boost.
- ✔ Consult USDA's Food Buying Guide for proper component crediting and accurate yields on fruits and vegetables.
- ✔ When developing standardized recipes, weigh volumes of pureed fruit to include in the final recipe. Test all your recipes in advance of serving to students.

Preparation Tips

- ✔ Watch our smoothie how-to videos for preparation tips and tricks.
- ✔ Smoothies may be prepared the day before and held in the refrigerator overnight.
- ✔ Include bananas for added sweetness and a creamy texture. Serve immediately or freeze. Banana-based smoothies will darken if refrigerated overnight.
- ✔ Use frozen fruits or freeze drained canned fruits to give smoothies a thicker consistency.
- ✔ If smoothies are thicker than desired, add milk to thin.
- ✔ Smoothies can be frozen if you need to hold longer than overnight. Leave some room in the cup since they will expand when frozen.

Serving Tips

- ✔ Serve smoothies in clear plastic cups to maximize their visual appeal.
- ✔ Offer lids with your smoothies and make them grab-n-go.
- ✔ Pair a smoothie with a whole grain option such as bagel, cereal bar, or muffin for a balanced meal.

Marketing & Merchandising Tips

- ✔ Use our smoothie labels to identify different flavors.
- ✔ Have smoothie tastings to introduce students to new flavors and generate excitement.
- ✔ Display daily options using point of sale materials.
- ✔ Have students “name the smoothie,” award prizes and put your favorite name on the menu.
- ✔ Use our smoothie club cards, and reward students who purchase 10 smoothie meals.
- ✔ Host a “smoothie blend-off” contest. Check out our blend-off guide to learn how.
- ✔ Spread the word about your smoothies using our social media sample posts.
- ✔ Name smoothies after the school mascot or a favorite staff member.
- ✔ Make holiday smoothies: use strawberries for Valentine's Day and spinach for St. Patrick's Day.
- ✔ Create smoothie parfaits with contrasting color layers.
- ✔ Make smoothies in school colors or serve in school logo cups.
- ✔ Garnish with a paper parasol or a fruit chunk for holidays or special occasions.
- ✔ Sprinkle with cinnamon, nutmeg, or cocoa powder.
- ✔ Celebrate with fun straws.
