

Smoothie Results

Quinn Elementary School, Dartmouth, MA

New England
Dairy

“Students eat with their eyes & the smoothies are always bright & colorful.”
Jeanne Sheridan,
Dartmouth School
Food Service Director

Students played a vital role in breathing life into this program by sharing delightful samples with their peers and enchanting the school with regular PA announcements. They also spread the word that smoothies were available everyday in the cafeteria through hanging posters throughout the school.

**Average daily meals increased
by 30 meals.**
